

# Desk

**The desk is where we place our books, notebooks, and other materials while we sit in a chair next to the desk. The desk helps us stay organized and focused on our learning.**

# Chair

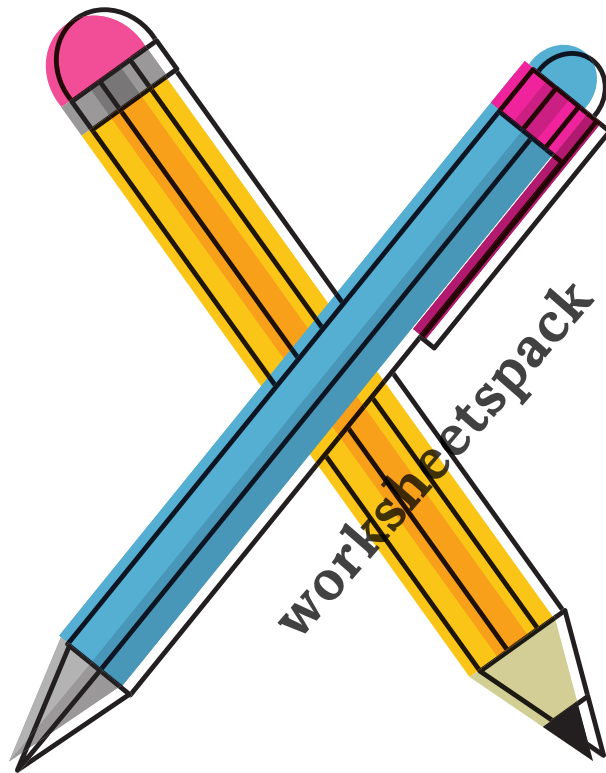

**Chairs provide seating for students. They are designed to be comfortable and supportive during long periods of sitting.**

# Book

**Books are an essential part of the classroom. They contain information on various subjects and are used for studying and reference.**

# Pencil and Pen

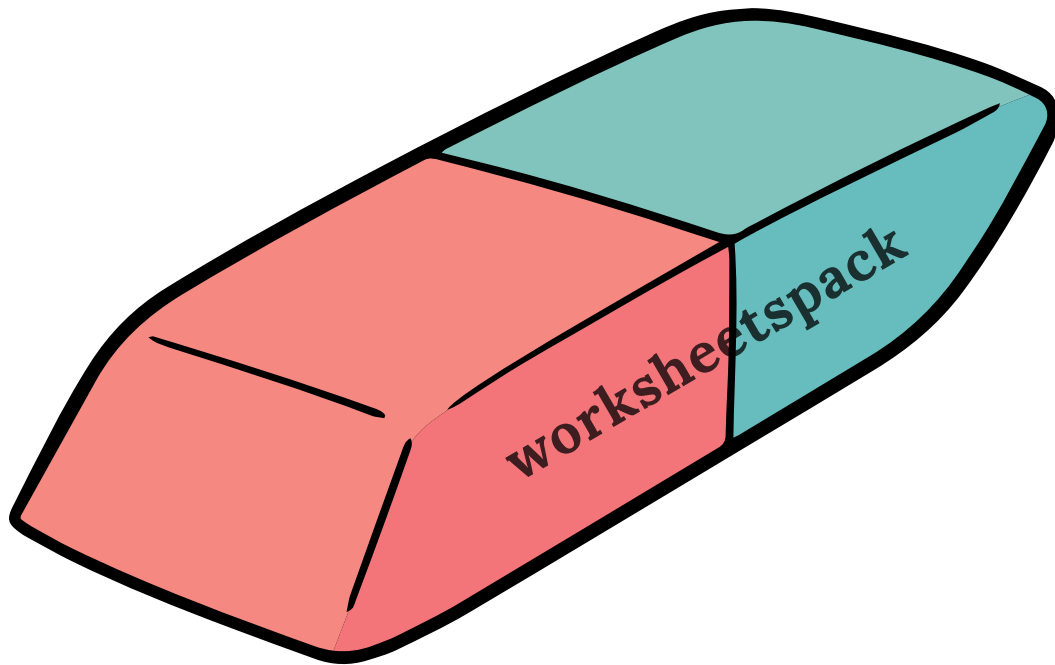

**Students use pencils and pens to write and take notes. These writing instruments come in different colors and styles.**

# Marker

**A marker is a special pen that teachers use to write on the whiteboard. It comes in different colors and can be easily erased.**

# Eraser

**Erasers are used to remove mistakes made while writing or drawing. They help keep the work neat and tidy.**

# Whiteboard

**The whiteboard is a large, smooth surface where teachers write and draw using special markers. It is used to present information and explain concepts to the students.**
